

Good data allows all organizations to establish baselines, benchmarks, and goals to keep moving forward. Data is important information for our community stakeholders and state legislators but is also very important to our peers. Please take a moment to share the programs and services offered directly by your District. This information will be compiled and stored in the “Members Only” section of the AISWMD website. Thanks in advance for your participation.

Please complete the following information and return it to Heather Siesel at heather.siesel@bartholomew.in.gov.

Thanks for your assistance with this important legislative activity.

Everyone who completes the survey and returns it to Heather prior to October 15 will be eligible for a drawing. The prize will be a \$150 credit for the 2024 AISWMD Annual Meeting and Retreat sponsored by Jackson County Recycling District.

District Name:

District Director:

This information should only be programs/services offered **directly** by the District.
